

SEMER PARISH COUNCIL

STATEMENT OF INTERNAL CONTROL AND ANNUAL REVIEW OF EFFECTIVENESS OF INTERNAL CONTROL AND INTERNAL AUDIT FOR YEAR ENDING 31ST MARCH 2024

The Accounts & Audit Regulations 2015 aims to strengthen governance and accountability through requirements related to internal control and internal audit. Whilst the Parish Council has reviewed the effectiveness of the internal audit (independence, competence, proportionate and scope), it has a requirement levied on it to ensure that its financial management is adequate and effective and that it has a sound system of internal control. The framework of accountability is risk-based i.e. level of control and management must be appropriate to the risk involved. The Council must determine the most appropriate method of internal control. It should ensure that internal control tests are proportionate and relevant and should not show undue interference in the RFO's day to day management of financial affairs.

Purpose of Internal Control

Internal control is designed to reduce financial risk to the Council; the system of internal control is designed to ensure that the Council's activities are carried out properly and as intended. Internal controls are set up by the Clerk / RFO but it also falls to Council Members to ensure that they have a degree of control and understanding of those controls. Controls will include the checking of routine financial procedures; the examination of financial comparisons; the recording of assets and liabilities; the identification of risk and to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

Annual Review of Internal Controls

As part of its internal control, the Council agrees that overall, it has conducted an annual review of the system of internal control via the following tests:

Review of effectiveness of Internal Control

The Council has responsibility for conducting an annual review of the effectiveness of the system of internal control. The review is informed by the work and any issues identified by the Clerk to the Council / RFO who has responsibility for the development and maintenance of the internal control environment and managing risks and the Internal Auditor who reviews the Council's system of internal control and who makes a written report to the Council.

Regulation 6 of the Accounts and Audit Regulations 2015, imposes a duty on local councils to ensure "that the financial management of the body is adequate and effective and that the body has a sound system of internal control." Local councils are required, at least once a year, to conduct, in accordance with proper practices, a review of the effectiveness of its system of internal control.

Review of Internal Audit

A smaller authority is required by Regulation 5(1) of the Accounts and Audit Regulations 2015 to 'undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance.'

Internal Audit

Proper practices states that internal auditing is an independent, objective assurance activity designed to improve an organisation's operations. The purpose of internal audit is to review and report to the authority on whether its systems of financial and other internal controls over its activities and operating procedures are effective.

The key principles an authority should follow in sourcing an internal audit provider are: independence, competence and proportionate.

- The internal audit function must be independent from the management of the financial controls and procedures of the authority which are the subject of review.
- The person or persons carrying out internal audit must be competent to carry out the role in a way that meets the business needs of the authority. It is for each authority to decide, given its circumstances, what level of competency is appropriate, and to keep this issue under review.
- When securing an internal audit service, the parish council should make sure that it is proportionate to the needs, size and the circumstances of the authority.

Review of Internal Audit

The review of the scope of internal audit is sufficient assurance for the authority that standards are being met and that the work of internal audit is effective.

The standards to be applied are as follows:

- Independence - Internal audit will have direct access to those charged with governance and will be independent of the financial controls and procedures of the council which are the subject of review.
- Competence – Internal audit work will review the systems in place and will cover the legal and corporate framework in which the Council operates with integrity and objectivity.
- Proportionate - Internal audit is appropriate to test the existence and adequacy of internal controls and will be carried out on an annual basis. Internal audit will provide assurance for the council's Annual Governance Statement.
- Effective - Council will annually carry out a review of the effectiveness of its overall internal audit arrangements which balances its need and usage of internal audit.

Scope of Audit

The scope of the Internal Audit being is attached as an Appendix to this paper.

As approved at the meeting of 28th March 2024, Agenda Reference 7 iii:

- **Council considered this Statement of Internal Control, and having reviewed it, considered that the controls currently in place are effective and appropriate for Semer Parish Council in its management of public finances and agreed that the system of internal control is sound and provides an adequate foundation to mitigate the risks associated with the operation of public money.**
- **Council further resolved that, having reviewed internal audit in terms of independence, competence, proportionality and effectiveness it had complied with its duty under the 2015 Regulations and met the standards of audit provision.**
- **It was resolved that, having regard to the Audit Plan as per Appendix A, Council agrees to the appointment of Mr Trevor Brown CPFA to carry out the internal audit on Semer Parish Council at a maximum cost of £150 plus pro rata travelling expenses at £0.45 pence per mile. It was anticipated that the audit will take place in late April 2024.**

Appendix – Internal Audit Plan

The Internal Audit will focus upon the key systems of internal control in operation to provide assurance to the Parish Council that satisfactory overall financial and regulatory arrangements are in place. The End-of-Year Internal Audit can be undertaken in 2024 following the completion of the 2023/24 Accounts and will enable the completion of the Annual Internal Audit Report within the Annual Governance and Accountability Return (AGAR) for the year 2023/24.
